

Seminar Faculty

Mary E. Grant, MS, RN, is a Massachusetts state representative (D) representing the Sixth District - City of Beverly in Essex County. She received her Bachelor's degree from Boston College as well as her Master's degree in Community Health Nursing. She has served as a legislator since 2003 and has also worked as a child adolescent psych nurse and clinical specialist. Mary believes that quality and cost of health care are more important than ever and that there needs to be an infusion of clinical voices in the decision-making process.

Paul L. Blackburn, RN, MNA, is the director of clinical services at Bard Access Systems. In his role he is responsible for developing integrated educational programs to enhance clinicians' understanding and application of the product. Additionally, he is responsible for the management of Bard's Clinical Specialist program, actively managing 32 specialists whose primary responsibility is customer education.

Charles R. Margarites, RN, CEN, CCRN, CFRN, CCEMTP, is the Clinical Manager of Vidacare. He is responsible for training and education of the entire sales team and regional providers for EZ-IO and On-Control Bone Access devices.

Barbara A. Blakeney, MS, RN, is a past president of the American Nurses Association. A nurse practitioner and expert in public health practice, policy, and primary care, Barbara is currently the director of the Center for Innovation at the Institute for Patient Care at Massachusetts General Hospital in Boston.
